MAY 14-18, 2024 // USF CONTEMPORARY ART MUSEUM

The USF Contemporary Art Museum is pleased to present the exhibition *Breaking Barriers: PORTRAIT* as part of its arts programming for military veterans. *Breaking Barriers: PORTRAIT* brings together the art of twenty-two U.S. veterans and their family members. The exhibition includes a selection of sixty-six photographs from two intensive artist-led photography workshops that broaden the parameters of the portraiture genre and contribute to our understanding of the human experience.
